07 October 2019

Dear Customer

## **A46 Renewable Energy Innovation Scheme**

### **What we're doing and why? What are the benefits?**

We've identified 6 sites along the A46 between Teddington Hands roundabout and the junction of Back Lane, where we will be installing equipment to power future technology. The aim of this technology will help to inform you about your journey times, road conditions and improve safety, which will allow you to plan your journey better or select alternative routes.

### **When will this work take place?**

We will work from 21 October 2019 to 01 March 2020, 8pm to 6am, Monday to Friday. We will be operating 2-way temporary traffic lights along the A46.

We will be requiring a full closure of Crashmore Lane, 8pm to 6am, Monday to Friday between 11 November 2019 and 24 November 2019, and between 27 January 2020 and 07 February 2020. A signed diversion will be in place.

### **What does this mean for you**

During the closures, we will provide a signed diversion route, this has been agreed by Worcestershire County Council. Emergency vehicles will have access through the work.

I would also like to apologise in advance for any inconvenience or disruption to those living close to the work. We'll make every effort to carefully manage noise levels and additional lighting to minimise the impact.

### **Find out more**

If you have any questions, or if you would like to know more about our work, please call us on **0300 123 5000** or email [info@highwaysengland.co.uk](mailto:info@highwaysengland.co.uk). You can also visit our

website at [highwaysengland.co.uk/roads/](https://highwaysengland.co.uk/roads/) or write to us at Highways England, National Traffic Operations Centre, 3 Ridgeway, Quinton Business Park, Birmingham, B32 1AF.

Yours faithfully  
George Patterson-Payne  
Customer Service Manager
