For further information on status, please refer to the JCS website link provided in the 'Data Room'.

PLANNING

The draft allocation is currently out for consultation. The Tewkesbury Area Draft Concept Masterplan Report, prepared by the local authority, identifies Lot 1 for residential development.

The 'Data Room' includes –

- The Tewkesbury area draft concept masterplan
- Joint core strategy review
- Planning representations made

In brief, Ashchurch is seen as a significant area of growth for 8010 units and 120Ha of employment land. Garden village status support is proposed by the Local Planning Authority. Masterplanning and delivery is proposed as the next step by the local authority.

Homes England are involved and have recently purchased land around the MoD site.

It is considered that the land could be brought forward earlier, especially as there are doubts over the delivery of the MoD site. The development area could be expanded eastwards into lot 3, to include land required for a link road, which might be routed further south than is indicated.

Alternatively the site could be promoted as a standalone site for 3000 units.

Growth at Ashchurch is strongly supported by the local authority. This is important to their emerging local plan. Their current 5 year supply is considered to be only 3.66 years.

COSTS

A legal undertaking of £10,000 + VAT will be required by the purchaser.

METHOD OF SALE

The land is offered for sale by Informal Tender. Unconditional bids, with fixed price coverage, subject to planning only, are invited per gross acre.

Tenders should be submitted to Scott Winnard by post or email – Scott.Winnard@brutonknowles.co.uk, by **28th February 2019**.
